Your Capitol, Our Mission: 50 Years Inspiring Informed Citizenship

Capitol Alumni Membership

Are you or were you a Congressional staff person? A Capitol staff person? A Congressional Page or Intern? A descendant or family member of someone who served on Capitol Hill? Or do you have another association with the Capitol or Congress?

If so, you qualify for the Society's **Capitol Alumni** category of membership.

Beyond our standard member benefits, as a **Capitol Alumnus**:

- you will have the opportunity to keep in touch with what's happening on Capitol Hill and with those who have left it
- you will be recognized as a **Capitol Alumnus** with a special notation in the Society's annual report of donors

To qualify, become a member now using the response form in the Society's membership brochure or by joining online at www.uschs.org. Then fill out the below **Capitol Alumni** questionnaire to tell us about your association with the Capitol and the Congress and return it together with your check or credit card information for membership or reference your online membership registration.

In Recognition of Service

The experience of serving our nation as a Member of Congress, a Congressional staffer, a Page or in other capacities, has profoundly affected the lives of the men and women who have held those positions. Throughout your term of service, you played a vital role in our democratic process. To have had an opportunity to shape legislation and to do the hard work that builds and preserves our democracy is a true privilege and honor.

The **Capitol Alumni** Program was created to recognize the service of individuals, family members and descendants of those who have served in the Continental Congress through the current Congress. As one of these individuals, you are part of the living history that the Society is charged to preserve in its mission to communicate the history of the Capitol and Congress. Your support in this special member category will help extend the Society's work to educate our populace, especially youngsters, so that they know their history appreciate the importance of civic involvement, and deepen their love for our country.

Capitol Alumni Information

Name: _____

Address: _____

Phone: _____ Email: _____

I am/was a Congressional Staff Person I am/was a Capitol Staff Person
 I am/was a Congressional Page Other: _____

Position	Office	Years
